

Bubba Mid Week Coming to a lake near you ☺

Come one come all Mid Week Tourney on Winni out of Paugus Bay Marina on August 6th and 20th.

5 fish limit 12" Start time 7 AM weigh in 3 PM unless otherwise talked to at the morning meeting

We need every one understanding that in order to use Paugus Bay Marina we will need to follow some very simple RULES

- 1) Controlled parking – please don't just park, we will tell you where to park. We will have a parking attendant.
- 2) No blocking any exits, doorways, stairs or customer's boats that may be parked in the lot. Again, we will have a parking attendant.
- 3) Respect - Please in every aspect
- 4) Respect the dock use. If it is vacant, Kevin the owner says we can use them , but please be aware of incoming boats that may want to use that dock space. Best advice is to pull out.
- 5) Trash clean up. This is a carry in carry out Tourney. We will have trash bags available. PLEASE use them
- 6) Fees - \$40 per person / \$10 split luner / \$5 first loser pool (optional) / \$20 ramp fee
- 7) We do have a need for three volunteers to run fish at the end of the day. I hope the federation associates can help me. With that said if you have recirculation pumps you can now pull your boats with the fish in the live wells with the recirculation pumps on and go to the upper parking lot to tie down and then bring their fish down to the scales which will be close to the water. **If you do not have recirculation pumps in your boat no pulling out early.** They can then transport them to one of the three release boats.

Major Rules:

1. No driving on any of the grass – NONE
2. Leaving the marina in the morning – go under the RR bridge and idle out to the “no wake” marker, from there head out to Burger King - if the wind is blowing in on Burger King the meeting will take place on the opposite shoreline near a small marina.
3. This is a working business that has valet service for its customers. If you see their fork truck pulling or moving a boat, give them a wide berth. They have the right of way at this facility.
4. We will stop registration at 6:30. Anyone coming there after that will have to see me on the water and I won't take care of you until I have the takeoff. So Please do not be late.

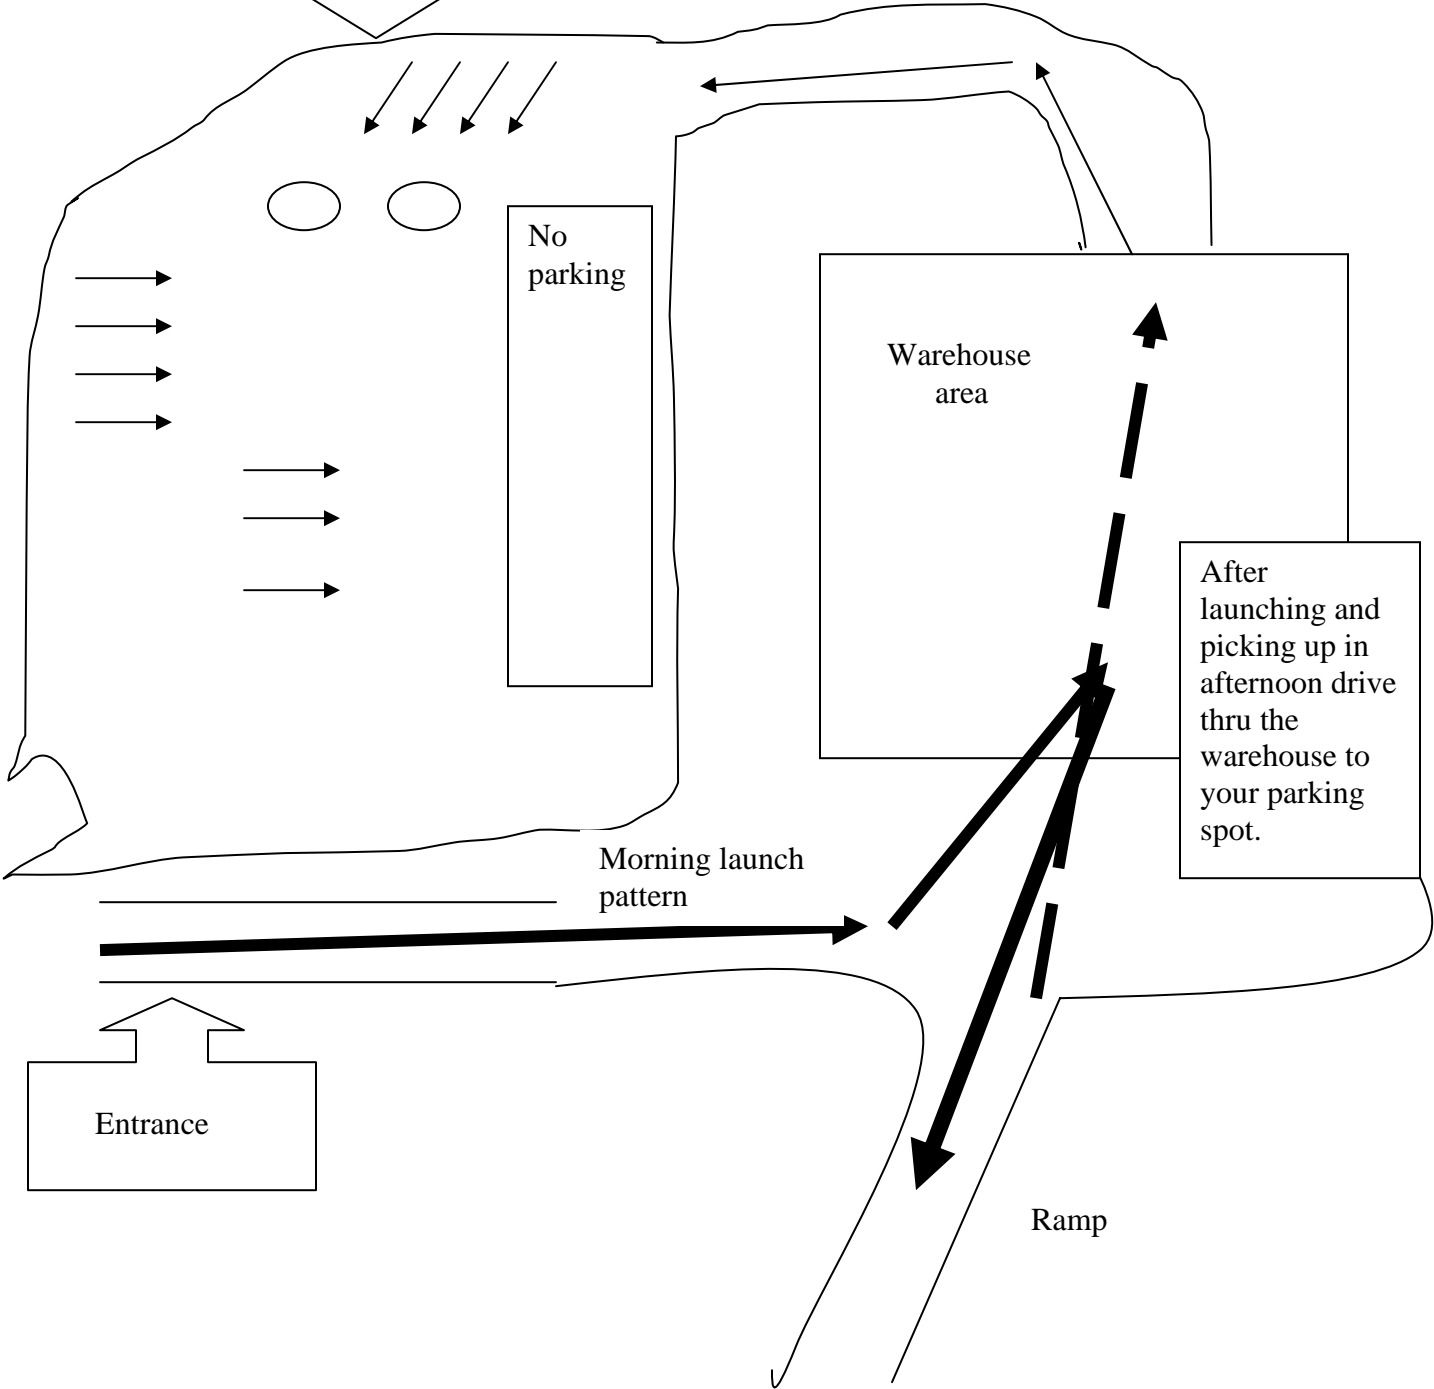

Paugus Bay Marina
41 Sheriden Street
Laconia, NH 603-524-1233

Directions can be found either on mapquest / google or use the following link.

<http://www.paugusbaymarina.com>

The easiest way to explain how to get here, is when you are at the Paugus Bay bridge, go across the bridge and take your immediate right. You are now in a residential area. Take another immediate right, then you will see in a few hundred feet another right into the marina. ☺
